The handicapping tool to help you find more winners.

This is a tip sheet designed to help you choose the right horse to win a race. However, sometimes the numbers can be a bit overwhelming. This is to help you better understand the tip sheet, and the categories in it.

So, how do I know what category to look at??

- To find a category you have to find a trend. This tip sheet is like a giant statistic sheet for these horses and jockeys. Similar to how you have a "ERA" in baseball, or how fast someone can run a 40-yard dash in football, this sheet allows us see which stats will best help us to pick a winner in a race.

So, how do I know what category to look at??

- I'm going to show you the tip sheet and the results for February 24, 2022 at Aqueduct. On this particular day, the category "EARLY" had every winner in the top three for sprint races (5-7 Furlongs).

Where do I find how many furlongs the race is?

- The furlongs are found right next to the race #. This one is 8 furlongs.

Chestnut Filly, (Feb), by Bustin Stones - Bobs Pinup Girl by Tiger Ridge. Trainer Robert N. Falcone, Jr.. Bred by Robert Falcone & John J. Lee LLC (NY).

INOUAINTALKINTOME came away alertly, prompted the pace on the outside while in hand, turned up the pressure while shaken up in the three path on the turn, gained the advantage into upper stretch, kicked clear inside the furlong marker, widened under strong urging to the sixteenth-pole then was eased up while much the best. LIVE IN FIVE set the pace under pressure to her outside, vied in the two path while still inside that foe on the turn, was asked for more outside the quarter-pole, lost the advantage into upper stretch, battled under a drive into the final furlong and proved no match for the winner while clear for the place. EMERALD BANKER angled to the outside early, dropped back under coaxing then came under stronger encouragement before the five-eighths, went around the turn in the four path and came up empty. ELEGANT LAOBAN was urged along at the rear of the field, saved ground on the turn and showed little.

The first 3 races.......

- As you can see, the "EARLY" category correctly predicted the winner (top-3 in the category) for the first 3 races. You also may have noticed that the winners also came in the top-3 in other categories as well. That is a good sign that that horse is legit. The more categories that the specific horse comes in top-3 is a good representation on which horses will place 1-2-3-4 in the race.

Now lets look at the money payoffs for these 3 races………..

If I had played a pick 3………..

- $1 Pick 3 (6-4-2) Paid $495.00
If I had played the Daily Double........

- Race 1 and 2; $1 Daily Double (6-2) Paid $51.25
- Race 2 and 3; $1 Daily Double (2-4) Paid $236.00

Pick 4 and Pick 5??

- The daily doubles and pick 3's are my favorite bets to place, but the pick 4 and pick 5 are just as easy if you continue to follow the pattern of "EARLY". If you continue to follow, we see that the category EARLY had every winner in the top 3 for all sprint races (5 furlongs to 7 furlongs).

Race 4 (5 horse is the winner)

Race 5

- Race 5 is an exception to the "EARLY" category. This is a route race, which typically means that it is more wide open to different horses coming in. You have to watch out for these races, and look for a different category that is reliable as well. In the next slide you'll see how the "Late average" category had the (4) horse in the top-3, and how the workout category had the (4) horse in the top-2. However, you will see how the (4) horse was 4th in the 'EARLY" category, very close to inside the top-3.

Overall

- I hope this has helped you see how easy and simple it is to pick winners and make a lot of $$$$$$$$. I mean the 50 cent Pick 5 paid over $16,000! Really, picking horses is just analyzing trends and statistics. For this particular day at Aqueduct it was the "EARLY" category that was really accurate in choosing the winner. At other tracks it may be the speed category, the workout category, or even which horse has the best jockey. Don't feel overwhelmed when you see all the numbers and stats, just see it as the pathway to making money!
